

Prepare Your Devices for Standardized Testing!

Device-administered standardized testing has become a mainstay in K-12 education. Students can encounter a variety of technical problems during testing sessions, from system crashes to software glitches.

Our support team is here to help you prevent tech issues before and during testing day, ensuring your students have a smooth assessment experience.

Device Test Prep Services

Inspection & Repair

Our team inspects device hardware components, conducts battery tests, and carries out expedited repairs whenever necessary.

System & Software Updates

We execute operating system and software updates.

Network Coverage Testing

Our team tests school network coverage to ensure all testing classrooms have a strong wireless connection.

One-to-one Computing

If you're short on testing devices, we offer test-ready devices from industry-leading manufacturers.

*With our team's expertise, you can rest assured that your devices will be properly prepared for standardized testing. **Contact your Virtucom rep to get started.***
